PROFESSIONAL SUMMARY

BCA graduate and Full-Stack Developer with hands-on experience developing responsive and user-focused web applications. Skilled in React.js, JavaScript (ES6+), HTML5, CSS3, Python, Django, MySQL, and MongoDB, with practical experience across frontend, backend, and database development. Experienced in feature development, testing, debugging, deployment, and troubleshooting of web applications, with a strong focus on building reliable and maintainable solutions.

EDUCATION

Bachelor of Computer Applications (BCA) | Percentage : 85.08
RVS College of Arts and Science, BharathiyarUniversity | Batch : 2023 – 2026

Higher Secondary Certificate (HSC) | Percentage : 77
Anna Boys Higher Secondary School | Batch : 2022 – 2023

TECHNICAL & SOFT SKILLS

Front-End : React.js, HTML5, CSS3, Bootstrap5, JavaScript(ES6+)
Back-End : Python, Django
Database : MySQL, MongoDB
Tools & IDEs : VS Code, Antigravity, OpenCode, GitHub Copilot
Deployment : Vercel, Netlify, GitHub
Version Control: Git, GitHub
Soft Skills : Time Management, Adaptable Mindset, Team Work, Communication

INTERNSHIP EXPERIENCE

CodSoft - Web Development (Virtual Internship)

- Designed and developed mini-projects using modern web technologies.
- Applied data structures and problem-solving techniques in real-time tasks.
- Followed clean coding practices and improved debugging skills.

WorkeAZi Business Solutions - Software Developer Intern

- Developed and maintained live web applications with responsive and user-friendly interfaces.
- Performed testing, bug identification, and bug fixing based on testing reports.
- Deployed web applications to Vercel and ensured smooth production releases.

Novitech - Full Stack Development Course

- Completed comprehensive training in Full Stack Web Development.
- Gained hands-on experience in frontend and backend technologies.
- Developed dynamic and responsive web applications.

PROJECTS

Hostel Management System | MERN Stack

- Developed a role-based hostel management system for Students, Hostel Admins, and System Admins.
- Implemented JWT authentication and features including room booking, mess, outpass, payments, and notice board.
- Built admin modules for room, reservation, student, user, payment, and outpass management.
- Developed responsive UI and RESTful APIs using React.js, Node.js, Express.js, and MongoDB.

Personal Portfolio Website | Responsive Web Design, Front-End Development

- Designed and developed a personal portfolio to showcase skills, projects, certifications, and contact details.
- Built with HTML, CSS, JavaScript, Bootstrap for a modern, mobile-friendly user experience.
- Implemented interactive UI elements, smooth navigation, and professional branding for effective personal presentation.
